Play the cheat codes for The Settlers 2 Gold Edition! Play The Settlers II Gold Edition cheats and secrets! When you are playing The Settlers 2 Gold Edition online, you are limited to the same things the players you are playing with are. But they can be a little hard to figure out! So today, I want to show you how to cheat in The Settlers II: Gold Edition. Also, I am going to give you a special code that will completely disable all the game files. If you are new to cheats in games, then this is a great way for you to begin. However, I am not talking about giving you a cheat code that lets you teleport from point A to point B. I am talking about the real cheat codes that will allow you to change the entire gameworld. First, you must disable your game files before you are able to do this. To do that, you need to use a cheat code. In the games section, you will see an ALT-1 to ALT-6 codes box. Use those codes to change the speed of your game. You will need to use the F1 to F6 codes. To enable this, use ALT-1. When you have enabled your cheat, you will see a red exclamation mark. The Settlers 2 Gold Edition | Ubisoft | World of Warcraft – Version: 1.7.5.0: Choose your character class Choose your race: Human, Elf, Dwarf, and more Choose your stats, perks, and skills Equip your weapons, armor, and accessories Try out your character in a mini-game. Take a look at the stats of your character. Choose your starting city. Choose where you want to go. Explore your new world and gain experience. Build a house, farm, and mine to expand your wealth and power. Build the next village to become a hero of this new world. As you progress, you can upgrade your city and buildings, and conquer new lands. Welcome to the Settlers 2 Gold Edition! When you start the game, you see a small message.
